CEREER MISSION

To lead life professionally without compromise ethics. I realize that success can't be given nor brought; it can only be achieved through work hard and sincerely with perseverance. Based on these criteria it would be possible to have a significant impact on achieving organizational objectives effectively and efficiently.

WORK EXPERIENCE

I have been involved as a Data Management Officer with the Research and Evaluation Division of BRAC since 1991. During the period I was involved with various research studies.
