## **Professional Experience:**

As a part of honors program, I worked as a subject teacher of General Science and Mathematics in the University Laboratory School and College for four months (April – July, 2000).

I worked in a consultancy firm named ADSL (Associates for Development Services Limited) as the research associate of PEDP-I (Primary Education Development Program –I) project of the Bangladesh Government.

Now I am working in Research and Evaluation Division (RED), BRAC as the Staff Researcher of Educational Research Unit since June 2003.

As a researcher of Educational Research Unit, I have conducted two research work – a) development of SAT (Standardized Achievement Test) for grade three completers of BRAC primary Education, and b) assessment of BRAC pre-primary graduates in formal primary schools. I'm a researcher of 'Education Watch 2003-04' that investigated the quality state of primary education of Bangladesh. Now I am working in two studies – investigation of the status of ELA (Employment and livelihood for Adolescents) Organization to set up ELA Centre, and exploration of the educational and other societal cross sectional phenomenon of the out of school children of Bangladesh.

As a researcher of RED, BRAC, I participated different trainings regarding research, viz.,

- I participated in Gender training for seven days organized by BRAC.
- I joined training on Theory and Practice of Qualitative research, which was organized by RED, BRAC, and University of Amsterdam, Netherlands.
- I participated two daylong workshop on scientific writing organized by BRAC.
- I took part in the qualitative software training for three days on Atlasti.

### **Communication Skills:**

I have good communication and organizational skills with special interest in the field of Education. I have experience in-group work and teamwork in my academic courses. I can speak English fluently and I have sufficient reading and writing skills both in English and Bengali.
